

AMENDMENTS TO THE SPECIFICATION

In the Specification:

Please replace the sequence listing (filed November 14, 2003) with the revised sequence listing filed herewith.

Please delete the paragraph on page 8, lines 2-4 and replace it with the following paragraph:

Figure 1 shows the amino acid sequences of the light (kappa) chain VJ regions of human monoclonal antibodies AB1, AB7, AB11, and AB12 (SEQ ID NOs: 4 (**residues 21-140**), 8 (**residues 21-140**), 12 (**residues 21-140**), and 16 (**residues 21-139**), respectively) with CDRs designated (**germ-line sequence disclosed as SEQ ID NO: 71**).

Please delete the paragraph on page 8, lines 6-8 and replace it with the following paragraph:

Figure 2 shows the amino acid sequences of the heavy chain VDJ regions of human monoclonal antibodies AB1, AB7, AB11, and AB12 (SEQ ID NOs: 2, 6, 10, and 14, respectively) with CDRs designated (**germ-line sequence disclosed as SEQ ID NO: 72**).
